This cottage-style Arts & Crafts home, 2 minutes from downtown, offers the best of urban living in a pastoral setting. Exceptionally efficient, the home boasts highly detailed spaces designed for the way a modern family really lives.

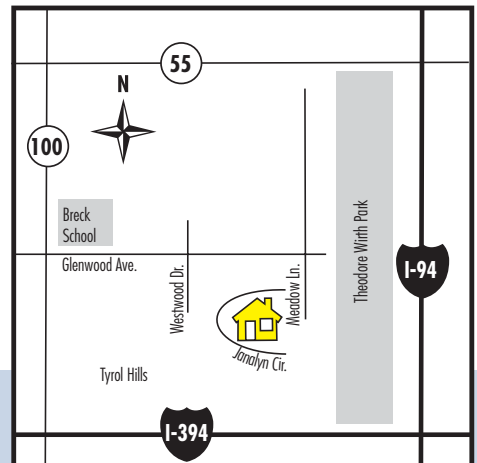

- Period finishes such as locally made lighting, tiles and rift cut wide-plank oak flooring are combined with subtle artistic flourishes to suggest a nostalgic past.
- The main floor—designed in the spirit of Sarah Susanka’s *Not So Big House*—is compact yet well-suited to entertaining.
- Four children’s bedrooms adjoin a “true” family room—making the upper level a cozy, private retreat for relaxation, homework, and games.
- The hotel-style master suite features European bath fixtures, Carrara marble finishes, subway tiles, and ebony wood flooring.
- Certified by Minnesota GreenStar, this home incorporates over 200 financially prudent green innovations—putting it on the cutting edge of green building.

Directions: 394 to Hwy 100N • 100 to Glenwood Ave. east ½ mile • Right onto Meadow Lane, then first right onto Janalyn Circle.
